Dear Professor Schooyaus,

I have just received your excellent report "La provocation chinoise".
I was unable to put it down until I had finished reading it right to the very end.

I would very much like to meet you. I do not know when or where
this meeting could take place but I am very eager that we should get together

Thank you very much for the opportunity you gave me to read such
a good, serious text.

Fraternally,

Paulo Freire
